Service:	CPT 93458 — Left Heart Catheterization
Date of Service:	2026-07-09
Amount Billed:	\$14,500.00

Explanation

Dear Ms. Alvarado,

Claim CLM-88201 has been denied because our records show no prior authorization was obtained for CPT 93458 prior to the date of service. Arizona Health Network's plan requires precertification for all cardiac catheterization procedures performed in an outpatient hospital setting. As no prior authorization token is on file for this claim, payment cannot be issued.

The provider may submit a retrospective authorization request with clinical documentation demonstrating medical urgency, or file a formal appeal within 90 days of this notice. Appeals should be sent in writing to the address above, Attn: Appeals Department.

Sincerely,
